

BREAKDOWN COVERAGE A

VEHICLES with LESS THAN 150,000 MILES

Endorsement

THIS ENDORSEMENT ATTACHES TO YOUR CONTRACT

PLEASE READ IT CAREFULLY

WellCar COMPLETE

The following endorsement applies to VEHICLES with less than 150,000 miles on the odometer at the time of BREAKDOWN. All other terms and conditions of YOUR CONTRACT apply.

This CONTRACT covers the components/parts listed below:

1. Engine Mechanical:

- a. Primary COVERAGE: All mechanical components of the engine assembly. Seals and gaskets directly related to the engine.
- b. Additional COVERAGE: The intake/exhaust manifolds, throttle body, oil pan, valve cover, timing belt/chain and associated guides, pulleys and tensioners, electrical/mechanical water pump, thermostat, solenoids and actuators directly related to the mechanical operation of the engine are covered in this section. Bolts, nuts, clips, springs, or retainers inside the engine or attached to lubricated and moving components of the engine as well as head bolts, rod bolts and main bolts.
- c. No COVERAGE: Oil filter and rubber hoses. The engine block and cylinder heads are not covered unless damaged by a moving COVERED component of the engine.

2. Transmission:

- a. Primary COVERAGE: All components of the transmission assembly. Seals, gaskets and electrical components directly related to the transmission.
- b. Additional COVERAGE: Transmission cooler, cooler lines, control module (ECU), solenoids, speed sensors, pressure switches, actuators, range selector switch and shift linkages directly related to the operation of the transmission. Bolts, nuts, clips, springs, or retainers inside the transmission housing/case or attached to lubricated and moving components of the transmission.
- c. No COVERAGE: Clutch friction disc, pressure plate, throw-out bearing, and pilot bearing.

3. Drive Axle:

- a. Primary COVERAGE: All mechanical components of the drive axle. Seals and gaskets directly related to the drive axle.
- b. Additional COVERAGE: Axle shafts, drive shaft, U-joints, CV joints, carrier bearing, differential cover, locking hubs, electrical switches, control module (ECU) and actuators related to the drive axles.
- c. No COVERAGE: None.

**NO CLAIMS WILL BE PAID WITHOUT PRIOR AUTHORIZATION
CALL 877-493-5522**

4. Transfer Case:

- a. Primary COVERAGE: All components of the transfer case assembly. Seals, gaskets and electrical components directly related to the transfer case.
- b. Additional COVERAGE: Transfer case control module (ECU), solenoids, speed sensors, actuators, range selector switch and shift linkages directly related to the operation of the transfer case. Bolts, nuts, clips, springs, or retainers inside the transfer case housing/case or attached to lubricated and moving components of the transfer case.
- c. No COVERAGE: None.

5. Turbocharger/Supercharger:

- a. Primary COVERAGE: Only the manufacturer/factory installed turbocharger or supercharger assembly. All components of the turbocharger or supercharger including the housing, seals, gaskets, shaft, wastegate, compressor wheel and exhaust turbine.
- b. Additional COVERAGE: The wastegate actuator/solenoid, VNT actuator, air charge cooler and intercooler, and oil lines.
- c. No COVERAGE: None.

6. Steering System:

- a. Primary COVERAGE: All steering related components of the VEHICLE. Seals and gaskets directly related to the steering system.
- b. Additional COVERAGE: Tie rods, rack and pinion, steering gear assembly, shafts, bearings, electrical or hydraulic components directly related to the steering control of the VEHICLE including sensors, control module (ECU) and power steering hoses.
- c. No COVERAGE: None.

7. Brake System:

- a. Primary COVERAGE: All mechanical, hydraulic, vacuum, and electrical components of the brake and Antilock Brake System (ABS). Seals and gaskets directly related to the brake system.
- b. Additional COVERAGE: ABS control module (ECU), wheel speed sensors, brake lines/hoses, boosters, calipers, and linkages related to the operation of the brake system.
- c. No COVERAGE: Brake pads, shoes, drums, and rotors.

8. Suspension System:

- a. Primary COVERAGE: All control arms, suspension linkage, sway bars, ball joints and wheel bearings associated to the suspension system. Seals and gaskets directly related to the suspension.
- b. Additional COVERAGE: Suspension control module (ECU), height sensors, air/hydraulic compressor, level control solenoid or switches related to the operation of the suspension system. Electronic sway bar modules, actuators and switches.
- c. No COVERAGE: BREAKDOWN of non-electrical shocks/struts and associated mounts.

9. Air Conditioning System:

- a. Primary COVERAGE: Compressor, evaporator, condenser, receiver/drier, cables, linkages, hoses, and all components directly related to the Air Conditioning System are covered. Seals and gaskets directly related to the air conditioning system.

**NO CLAIMS WILL BE PAID WITHOUT PRIOR AUTHORIZATION
CALL 877-493-5522**

- b. Additional COVERAGE: Control modules, solenoids, switches, sensors, actuators, blower motor, blower resistor, blower control module, ductwork, evaporator case, fan or pulley related to the operation of the air conditioning system.
- c. No COVERAGE: Recharging of the refrigerant is not covered unless it is required due to a leaking seal, gasket, or line/hose repair.

10. Electrical System:

- a. Primary COVERAGE: All displays, modules, switches, relays, sensors, actuators or motors of the following systems: power windows, power locks, power door/hatch/trunk/tailgate(s), power mirrors, front/rear wipers, power seats, power sunroof, power convertible top, power adjustable/folding seats, cruise control, head lights, taillights, turn signals, horn, alarm/theft deterrent, parking assistance, instrument cluster, fuel door, and gauges. The radio receiver, tape/CD player, amplifier, speakers, power/stationary antenna assembly, and USB/memory card/remote audio connectors associated with or related to the factory radio, DVD and GPS systems and related components. Power headrest and power adjustable pedal components. Seat cooling fans, switches, and seat cooling module. Heated armrest element, heated steering wheels and their switches. Seat massager motor assembly and switch. Lane change/blind spot assist sensors. Emergency braking/lane departure warning/adaptive cruise control cameras and radar sensors. Infrared camera and illumination systems. Overhead view cameras. Cell phone, hands free/voice activation, and emergency communication systems.
- b. Additional COVERAGE: Alternator, starter, all switches operated directly by the driver or a passenger, window regulators, heated seat elements, rearview mirror, ignition switch/tumbler/housing, cell phone charger, front/rear view camera(s), fuse blocks, door switches, brake switch/sensor, transmission range/park/neutral switch, digital compass, cigarette lighter element, and body control module. The following engine electrical components: crankshaft sensors, camshaft sensors, oxygen (O²) sensors, ignition coils, ignition modules, coolant temperature sensor, engine/powertrain control modules (ECM/PCM), engine wire harness, and glow plug controller/relay, convertible top hydraulic cylinders/control module, automatic dimming mirrors, heads up display, cooled/heated cupholders and refrigerator.
- c. No COVERAGE: Fuses, headlight/taillight assemblies, individual bulbs/LEDs, any electrical part not specifically listed in this Electrical System section or specifically listed in another coverage section of this CONTRACT. Electrical components related to any hybrid or electrically powered powertrain components/systems.

11. Fuel System:

- a. Primary COVERAGE: All fuel delivery components from the fuel tank to the engine including the engine fuel rail, fuel pressure regulator, and fuel injectors. Electrical or mechanical fuel pumps and the associated relays, solenoids, and modules. Seals and gaskets directly related to the fuel system.
- b. Additional COVERAGE: Fuel level sender, fuel pressure sensor, ethanol sensor, fuel heater, fuel water sensor, fuel filter housing, fuel heater, fuel cooler, fuel fill neck, and fuel fill restrictor.
- c. No COVERAGE: Fuel filter, fuel cap and rubber hoses

12. Engine Cooling System:

**NO CLAIMS WILL BE PAID WITHOUT PRIOR AUTHORIZATION
CALL 877-493-5522**

- a. Primary COVERAGE: Radiator, coolant recovery/surge tank, electric/mechanical cooling fan, fan clutch, fan motor, fan blade, heater core, fan control module, water pump control module, fan switch, fan relay, heater control valve, directly related to the cooling system.
- b. Additional COVERAGE: Coolant boost pump, radiator shutters, shutter motor, and shutter control module.
- c. No COVERAGE: Rubber hoses, hose clamps or other hose attachment/compression devices.

13. Emissions Systems:

- a. Primary COVERAGE: All sensors, solenoids, actuators, valves, heaters and modules associated to the following emissions systems: Exhaust Gas Recirculation (EGR), Evaporative Emissions Control System (EVAP), Air Injection System (AIR), Positive Crankcase Ventilation (PCV), Diesel Particulate Filter (DPF) and Diesel Emissions Fluid (DEF) systems.
- b. Additional COVERAGE: The following parts of the engine fuel control system: knock sensors, camshaft position control solenoids, idle speed control actuator/valve, air flow sensors, manifold/barometric/exhaust/fuel/tank pressure sensors, throttle position sensor, coolant/air/fuel/exhaust temperature sensors, NOX sensor, EGR cooler, intake tuning valve/solenoid, and fuel composition sensor. For diesel vehicles with a Diesel Emissions Fluid (DEF) system the diesel emissions fluid tank, heater, level sensor injector and pump. Diesel Particulate Filter (DPF) systems the DPF injector.
- c. No COVERAGE: Evaporative emissions canister, diesel particulate filter element and catalytic converters are not covered. Clamps, rubber hoses or fasteners associated to emissions system device.

**NO CLAIMS WILL BE PAID WITHOUT PRIOR AUTHORIZATION
